SUMMARY

Highly analytical and self - motivated with background in law, excited to begin a new career as a **junior software developer**. Enthusiastic worker who is always willing to learn new skills and take on more responsibility. Looking forward for a challenging environment, I can apply my skills to work and learn everything that helps the business grow.

SKILLS

- **Front-End:** Coding with HTML , CSS, Javascript (Framework: React.js, Bootstrap)
- **Back-End:** Node.js Express, MongoDB (database)
- **Tools:** VSCode, Postman, Figma
- **Other :** Fair Knowledge of English (TOEIC 660 Taken on April, 7 2022)

PROJECTS

Jamming

- Built a React App for custom playlists that combine multiple components, interactive search functionality, and requests to the Spotify API. Users can create their own playlists from jamming, which will appear in the Spotify app.

FitFriends

- Built an exercise tracking app. Tracking of exercise for a user who regularly shares their activity and makes a new friend who loves exercise too.
- Designing and laying out a website or a page on a website.
- Using React, Node.js Express, and MongoDB with a Mongoose database connector.
- Design a restful API to get user information and send data through the web.

EDUCATION

Generation Program, Thailand (An intensive training program designed to prepare participants for a position in the web development industry.) **June - August 2022**

Lawyers Council Under The Royal Patronage **2021 - 2022**

Qualified to practice law in the Kingdom of Thailand

Thammasat University, Thailand **2017 - 2021**

Bachelor of laws

WORK EXPERIENCE

MARUT BUNNAG INTERNATIONAL LAW OFFICE CO., LTD **May 2020 - July 2020**
